

# NIGERIA

Net happiness score (%)

## Key stats

- Young people in Nigeria are the joint most positive (with Canada) about their country of the 20 nations polled. 87% describe it as a “good place to live”.
- 97% of young people in Nigeria said that the factor that made them fearful for the future was extremism and the rise of global terrorism - much higher than any other country polled.
- Nigeria had the highest proportion of young people who have good physical wellbeing - who typically feel that they get enough sleep, exercise regularly and devote enough time to rest and reflection (41%).
